

IS YOUR BUSINESS ON FIRE?

The self-assessment tool that quickly measures the spiritual pulse of your business

Faith
Integrity
Relationships
Excellence

Being a self-assessment tool, FIRE is designed to help you measure your business' spiritual pulse and chart your business' progress in its walk with God.

FIRE is not designed to judge you or your business. (Matthew 7:1-6, John 8:1-11.) On the contrary, FIRE is intended to be a reference source of Biblical business principles and an accountability tool to provide you and your business praise and feedback to your business' progress in its walk with God. (Proverbs 27:17.)

So, whether this is your first time using FIRE or you've used FIRE before, we commend you for opening your hearts and minds to God's guidance on operating your business. Our prayer is that FIRE will help your business prepare for God's harvest!

FIRE consists of a series of questions in four key aspects of your business' spiritual pulse: , Faith, Integrity, Relationships, and Excellence. Relationships is further divided into two sections; Relationship – God and Relationships – Others (which includes employees, government, customers, suppliers, etc.). For each question select the answer that best describes your business' spiritual pulse from the following 10 point scale:

- 1-2: Rarely
- 3-4: Occasionally
- 5-6: Frequently
- 7-8: Usually
- 9-10: Almost always

At the end of each section you will total your score from the section. There is then a range to compare your score to that will relate to a grade. The grading scale is like what many of us recall in school, “A” being the best grade down to an “F” being the worst. At the end of the assessment, your responses will be noted for each section and then totaled in an overall score and grade.

Faith: Is your business demonstrating faithful stewardship of God's resources and mission entrusted to your business? Are you courageous in applying your faith?
